Splendid Session Puts Education  
in Mason County on Higher  
Plane

The Mason County Teachers' Institute for 1908 adjourned yesterday afternoon, sine die, after experiencing one of the most interesting and beneficial meetings ever held in the county.

MORNING SESSION.

The devotional exercises were conducted by Prof. Gordinier.

Miss Westcott opened the day's proceedings with a splendid talk on "Phonics" and the able and explicit manner in which she treated the subject was pleasing and worth the deep attention of her auditors. Her treatment and demonstrations of the subject were in line with all of the very excellent work she has given the Institute during the week.

Dr. Gordinier's subject, "Ich Dien" (I Serve) was helpful and thoroughly interesting and woke up the teachers to the gravity and the responsibility of their chosen work.

AFTERNOON SESSION.

Prof. J. H. Jackson, Principal of the Minerva College, who was a member of the recent Legislature when the present school laws were enacted and an earnest advocate of these laws, as the Representative from Owen county, gave an extended and eloquent interpretation of the law, which was timely and of practical benefit. The teachers and the public cannot study these educational laws too much, as they mark the most advanced steps in the cause ever yet undertaken by Kentucky.

Miss Westcott continued her work of the week by treating almost every phase of "Story

Telling" and its place in the schemes of education, especially in the Primary Grades.

Dr. Gordinier's talk on "Mythology" had the undivided attention of the Institute, thus indicating that it was greatly enjoyed and understood.

One of the pleasing and noticeable features of this meeting is the greatly improved personnel of the Institute. The teachers seem awake to the fact that Kentucky is no longer marching or rather dragging along under the old mossback regime, but that now the teacher is face to face with competitive excellence in all grades of their work; that modern conditions have so changed that the standard of education has been placed on the higher plane of both moral worth and intense vigor of intellectuality.

In these days the practical is only a few steps behind eclectic theory and the advanced methods inspire the acute mind to enter the lists for the prizes of progress which know no favorites only to those who deeply strive and who have "learned to labor and to wait."

"Ich Dien" is the watchword; not the servile task of the subordinate, the slavish, but the aspirations inspired by the unconquerable desire to achieve by nerve force of daring intelligence.

This is the "Twentieth Century," the more mention of which is the touchstone to renewed mental endeavor. There is no room in the modern school for the sluggish and sluggish. You have got to be up-to-date in the highest and the most refined intellectual sense if you expect to win your crown of success and wear the laurels of victory and achievement.

That education in Mason county and in Maysville has received a new life and a wonderful impetus toward the higher sphere of endeavor there can be no manner of doubt. This Institute can see, feel and realize the upward bound, and right here in our city the teacher is dazed by the sudden transition from the old to the new regime, with \$100,000 worth of new and modern school buildings to more fully meet the demand and the spirit of the times, which cries out in no uncertain tones for the uplifting influences of modern higher education.

After the exchange of pleasing and good-humored expressions of appreciation among instructors and teachers, and after the adoption of the following unanimous resolutions of gratitude and thanks to various persons for favors shown, the Mason County Teachers' Institute for 1908 was adjourned upon the records.

of things to be remembered and appreciated.

We, your Committee on Resolutions, beg leave to submit the following resolutions:

1. We heartily endorse the new County Board system as a forerunner of a better day for our Public Schools, and propose to co-operate with our recently elected County Board in its efforts to secure better school conditions.

2. We sincerely appreciate the efforts of the good women of Kentucky, who, through the agency of their Federated Clubs, have organized School Improvement Leagues throughout the State and have done so much to create a growing Public School sentiment; and furthermore, we will co-operate with our county organization, Board, &c.

3. That we acknowledge our debt of gratitude for the faithful work of our most worthy instructors, Dr. Gordinier and Miss Westcott. Their lectures, marked with ripe scholarship, practical suggestions and profound thought, have been an inspiration to us; that we herein declare our loyalty to our peerless Superintendent, C. D. Wells, who has worked so long and so hard for the improvement of our schools.

4. That we do not forget the faithful work of our energetic and efficient Secretary, W. T. Berry.

Signed by the Committee.

The following additional teachers were enrolled—

W. T. Pollitt, Rectortville.  
Lutie L. Berry, Mayslick.

Altogether, seventy-two teachers were enrolled during the Institute.

Visitors yesterday were C. J. Roberts of Dover, Miss Mary E. Turner of Augusta, M. H. McNutt of Bradford and Mrs. Bettie Carr of Springdale.

The Germantown Fair is drawing the people today and at least 6,000 will be in attendance. Tomorrow, Saturday, is the last and biggest day.

YELLMAN-POWER.

The marriage of Mr. William L. Yellman and Miss Andelia Power was solemnized yesterday afternoon at 2:30 o'clock in the Episcopal Church in East Third street, Rev. George H. Harris officiating. The attending witnesses were Mrs. Thomas A. Keith and Miss Grace Anderson. Immediately after the ceremony the bride and groom were driven to the C. and O. Depot, where they boarded the Fast Flyer for Cincinnati, where they will spend a few days before continuing their journey to Ottumwa, Iowa, their future home. They carry with them to their distant home the well wishes of a host of friends in this city.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that fails to cure. Send for list of testimonials.

THE PERFECT WAY.

Scores of Maysville Citizens Have Learned It.

If you suffer from backache, there is only one way to cure it. The perfect way is to cure the kidneys. A bad back means sick kidneys. Neglect it, urinary troubles follow. Doan's Kidney Pills are made for kidneys only.

James Wells, living on Front street, Vanceburg, Ky., says:

"About one month before I began using Doan's Kidney Pills my back began to ache and pain and caused me a great deal of annoyance. I knew that if the trouble was not eradicated it might prove fatal. Often when I came home at night and went to bed the trouble was so severe that I had to continually change my position, and during the day I had to pass the secretions every little while. A friend advised me to try Doan's Kidney Pills. I procured them and the use of one box entirely cured me. I have had no symptom of kidney trouble since, and give the credit to Doan's Kidney Pills."

Plenty more proof like this from Maysville people. Call at J. Jas. Wood & Son's Drugstore and ask what their customers report.
